RELIEF PLANE REACHES GREENEY ISLAND

Today
High-Priced Little Sabine.
Can't Convict \$1,000,000.
15,000,000 Years Apart.
Rome's Birthday.

BY ARTHUR BRISBANE
ALL last of a little girl, named
Hendon, the child's father, used
to live in Judge Gary's small room,
hall, in his Fifth-avenue house. It
there with some furniture cov-
ered Aubrey's tapestry, for which
paid a fortune to Alving.

ON Saturday the little Hendon girl
sold at auction for \$245,000. Priced
in America depend not on value,
on the case with which \$245,000
be acquired.

M. N.Y.E. chairman of the oil com-
mission investigating bribery, says
that Mr. Sinclair's acquittal: "You
can't convict a million dollars in this
country."

There is no ghost come from the
past to tell you that power creates the
future and is above them. Power, just
like organized money.

HOWEVER, every man is bound to
recognize a legal device as final,
and putting aside generalizations,
the millionaire, to remember that
the machine is acquired by a jury
decision that no evidence is pre-
sented sufficient to convict.

R. DR. STRATON wants to
change evolution with Mr. Osborn,
head of the Museum of Natural His-
tory. Mr. Osborn believes that man
evolved on earth, like other animals,
through millions of years of evolution.
Dr. Stratton says all living things,
from the earth, sun, moon, stars, comets,
planets, oceans, etc., were created in
a week by the will and power of God.
He existed from all eternity, when
he decided, about six thousand years
ago, to create this earth, with man in
its image, sun, moon, stars, etc., to
glorify the earth for man.

DR. STRATON says man was made
from red earth in a few minutes.
He looked lonesome, in Eden, so a
serpent was put upon him, one of
the most removed, the first, sardonic
question on record, and Eve was made
from that rib.

For centuries, clergymen taught that
man and one more rib on our side than
the other. Somebody counted the
bones of 1200 male skeletons, and the
bones were equal.

THE clergyman and scientist, dis-
agreeing, would find it hard to agree
on a starting point. Mr. Osborn
is an atheist, or, at least, an agnostic.
He says that the bones of 1200 male
skeletons, 1,500,000 years ago, and started
from the open. To that the Rev. Dr.
Stratton could only reply, "You're a
liar." And said, "See what is written
in this book of Genesis." You
could not call that a "debate."

ON Saturday Rome celebrated its
2681 birthday. And Rome today
is energetic, powerful and intensely
active at any time in the past 2681
years.

It is the Italian people with
the endless leader Mussolini. For more
than 20 centuries they have contributed
men to the world, some among
the greatest in the world.

MUSLINI celebrates this happy
birthday by inaugurating great pub-
lic works.

One of his birthday presents to the
city will be the finest airport in
the world.

This country, 2529 years younger
than Rome and ten times as rich as
Rome has two of its greatest cities—
New York, on the Atlantic, and Los
Angeles, on the Pacific—with no air-
port worthy of mention. We ought to
be a Mussolini.

THE small monopoly that carried
Captain Wilkins over the north
polar regions only 1,650 pounds, goes 135
miles an hour and was created by
Alvin Lombard. The load carried
was as much as the plane.

These powerful little machines will
be the pride of many young fliers.

CAPT. WILKINS descended success-
fully from his previous
flights to conquer the pole. Australia.

MAN EMPLOYED HERE IS KILLED IN AUTO CRASH

Clyde Metzger Fatally Injured
Near Lima: Dies in
Hospital

HOME IN KENTON

Was Connected with Jay H.
Maish Co., Marion Firm,
Six Months

Clyde Metzger, 25, painter employed
by the Jay H. Maish Advertising Co.,
400 S. Main, died in the City Hos-
pital at Lima, Sunday morning as the
result of injuries received in an auto-
mobile accident which occurred on the
Hawling Highway near Lima, Saturday
night.

Metzger and a companion, Pearl
Lease, were enroute to Lima from Ken-
ton in a coupe when the accident oc-
curred. Metzger had stopped the car
and alighted to examine a tire when
another motorist, failing to see the
parked machine, collided with it and
struck Metzger, it was reported.

Residents of Kenton
Both Metzger and Lease were Ken-
ton residents. Metzger had been em-
ployed with the Maish company here
for about six months and had gone to
Kenton to spend Sunday with his
mother, leaving here at the close of
his day's work, Saturday. While here
he roomed at the Harry E. Carr home,
195 S. Prospect.

The car which hit the Metzger car
was also from Kenton. Its occu-
pants declared that the Metzger car
carried no lights.

Both Metzger and Lease were taken
to the Lima hospital in an ambulance,
but it was found that Lease was not
seriously injured. He was taken into
custody by Lima police but was later
released after being questioned.

Allen County authorities at Lima
stated today that they are conducting
an investigation of the accident. They
plan to further question Lease and the
driver of the car which collided with
the Metzger auto, it was said.

Funeral arrangements were being
made for Metzger today at his home,
314 Olmsted, Kenton. His body was
taken to Kenton shortly after death
occurred Sunday.

Examination showed that Metzger
suffered internal injuries, a compound
fracture of both arms and a dislocated
hip. Lease received a scalp wound and
other minor injuries.

SAVE EIGHT AS FIRE DESTROYS HOSPITAL

Community Institution at Wil-
lard Burned to Ground;
Patients Suffer Shock

Willard, April 23—Eight patients at
the Community Hospital here were
rescued under difficulty today when
fire of undetermined origin almost de-
stroyed the institution. The eight re-
scued to homes adjacent to the hospi-
tal, were reported suffering from
shock and exposure.

Flames broke through the walls of
the building about 4 o'clock this morn-
ing, according to Miss Ruth Scharrt,
night superintendent. Miss Scharrt
said she thought the smell smoke
about 1 a. m. but a search at that time
failed to reveal the source.

When the blaze was discovered,
patients on the lower floor were re-
scued through a rear door, but it was
necessary to use ladders to reach those
on the upper tier.

It will be necessary to rebuild the
hospital, it was said. No estimate of
the damage to building or equipment,
the latter completely destroyed, was
available this morning.

GAS RATE HEARING IS AGAIN DELAYED

Logan Company Attorneys
Say There Was Misunder-
standing on Date

Due to a misunderstanding, the State
Utilities Commission did not conduct a
public hearing at Columbus this morn-
ing in connection with the Logan Gas
Co. rate case.

At the hour the hearing was sched-
uled to start, counsel for the company
stated they were not ready to proceed
inasmuch as they thought the hearing
was not to take place until next Friday.

The commission, accordingly, resched-
uled until this afternoon, with the proba-
bility that a further postponement
would be made by next Friday.

Counsel for the company stated that
they desired to place on the witness
stand a number of persons now in New
York and that it would be impossible
for them to reach Columbus for sev-
eral days.

FORMER CROWE AIDE SLAIN IN CHICAGO

Ben Newmark Shot While Sit-
ting on Bed in His
Home

BULLETIN

Chicago, April 23—Four men
were arrested and were held in im-
municade here today in connection
with the slaying of Ben Newmark,
former chief investigator of State's
Attorney Robert Crowe.

The men were rushed to sub-
urban police stations for question-
ing.

Chicago, April 23—Ben Newmark,
former chief investigator for State's
Attorney Robert E. Crowe, was shot
to death in his home by unknown as-
sassin early today.

Newmark was sitting on one of two
beds when the assassin fired upon him
with a sawed-off shotgun through the
window of his bungalow.

Mrs. Newmark had retired in the
afternoon but was not yet asleep when
her husband was slain.

Mrs. Newmark was in a state of
hysteria when police arrived and could
not give a coherent account of the
shooting. Newmark still was breath-
ing when the officers found him, but
he died on his bed without making any
statement.

The assassin had placed a flower
box on the ground underneath the
bedroom window on which they stood
to fire the fatal shots.

The widow was protected with iron
bars, was all of the bungalow
windows. The murderer struck the
shot gun through the bars and into the
open window.

PARTY LEADERS SAY THEIR FINAL PIECES

Willis Men Will Support Best
Man; Hoover Men For
Secretary

Columbus, April 23—While the de-
claration "we have made clear that we
(Willis) candidates" will support the
most available man for the presidency,
rather than the one who makes a
noise," was being heard from Willis
state headquarters, one of this morn-
ing, a statement was made by former Sec-
retary of State Thad H. Brown, nam-
ing the Hoover campaign in Ohio, that
"Ohio's response to the campaign by
Herbert Hoover was revealed that
Hoover is undoubtedly the choice of the
rank and file of citizens throughout the
state for the presidency."

"The final effort of Hoover delegates
to bolster the courage of their wavering
line by inducing the name of
President Coolidge is amusing," de-
clared the statement from Willis head-
quarters.

"The truth, as Ohio voters
know, is that Hoover delegates would
be unable to support Mr. Coolidge at
Kansas City if they wanted to because
they are pledged to the last ditch to Mr.
Hoover."

Providence, R. I., April 23—Rhode
Island fell in line for Al Smith for
president today when 20 delegates and
20 alternates were instructed to vote
for the New York governor at the

POLLS OPEN AT 6:30

Interest in Eighth Congress-
ional District Centers in
G.O.P. Contest

Voters of the Eighth Congressional
District, along with those of all other
districts in Ohio, will go to the polls
Tuesday to cast their ballot at the
state-wide presidential preference pri-
mary.

Voters will register their choice of
the various presidential candidates
will select delegates at large and alter-
nates to represent Ohio at the Re-
publican and Democratic national con-
ventions to be held at Kansas City and
Houston, Tex., respectively, delegates
and alternates to represent the dis-
trict at the conventions, and also de-
legates and alternates to the state party
conventions to be held following the
national conventions.

Chief interest in the district, of
which Marion is the center, lies in the
battle between Willis and Hoover de-
legates. Prospects today were that
Ohio would send a split delegation to
the Republican convention at Kansas
City, with neither Willis' forces or
Hoover forces commanding the com-
plete backing of the 51 Ohio delegates.

Warner in Willis List
For delegates at large voters will be
called upon to select seven of the four
candidates, evenly divided between
Willis and Hoover. Fred Warner, Re-
publican State Central Committee
chairman, is the only local man in this
group. Warner is a Willis candidate.

Three candidates for district delegates
four alternates are to be selected from
this group. Two Marion men are
listed in this group. Henry B. Hane,
a Hoover candidate for delegate, and
James H. Garfield, as second choice,
and John H. Clark, a Willis candi-
date for alternate with Frank O. Low-
den as second choice, are the local
men.

Two candidates for delegate from the
district, and two alternates appear on
the Democratic ticket. As all are to
be elected there is no contest.
Frank Wiseman, Marion County
prosecuting attorney, is a candidate for
delegate.

TO FREE WOMEN IF THEY WILL BEHAVE

Miners' Wives Must Return to
Their Homes, Prosecutor
Declares

St. Clairsville, April 23—Twenty-
eight women, who marched on the
County Jail here Saturday, demanded
admittance and got it—will be re-
leased tomorrow if they promise to re-
turn peacefully to their homes in Ma-
son Hollow, near Beekmantown, and make
no further disturbance, Prosecutor P.
V. Madden said today.

The prisoners were part of a mob of
about 200 persons that left Mason
Hollow in trucks, to put on a demonstra-
tion here for 15 people, arrested
during the week in connection with
disturbances in the hollow.

The Shady-side Coal Company's mine
at that point is being operated in in-
opposition to the "Save the Union" fac-
tion of the United Mine Workers of
America. This group has asked the re-
sult of John Lewis, president of the
U. M. W., and has caused the mine to
work of union miners in the hollow.

Hollow Mine, although the union is
said, to have sanctioned the responsi-
bility of the particular mine.

MYSTERY OF AUTO BLAST UNSOLVED

Police Unable to Find Motive
for Dynamiting on
Fies-av

Mystery continues to surround the
cause for the explosion which, early
Saturday morning, practically destroyed
a Dodge sedan belonging to Merle West-
on and damaged two dwellings on
Fies-av between which the car had been
parked.

That the explosion was caused by
dynamite, continues to be the belief of
the police, although thus far it has been
impossible to establish a motive.

The explosion occurred at 1:30
o'clock Saturday morning, nearly five
hours after the auto had been parked
between the two houses by the owner,
Frank of the top and cushions were
tossed up into the tops of the trees by
the blast which also blew parts of the
car completely through the walls of the
two houses.

Officials of the Auto Club indicated
Saturday that they may ask for a
special audit.

SAY BATTLE HOAX

Dartmouth College Officials Seek Author-
ity of Story

HANOVER, N. H., April 23—
Officials of Dartmouth College
today were seeking for the author-
ity of what was claimed to be the
biggest newspaper hoax "collected
on the press of the country in
past 50 years" was published.

The story described a battle on
the campus between students, but
the main basis of the story was the
alleged French-sophomore class
rivalry.

Some persons went through a
college campus and photographed a
story about excess freshmen and
sophomores who looted in a city
where there was a daily paper. In
each city the "loot from Rome" was
made a hero and was injured.

o'clock.

Tosco No. 3, will speak for the Boy
Scouts and this will be followed by the
introduction of the local Y. M. C. A. E. N.
Hale.

"The Campaign" will be the subject
of the keynote address delivered to the
workers by E. H. Jordan of New York,
secretary of the National Council of
the Y. M. C. A. Then will follow the
selection of cards and the distribution
of workers' hats which will equip the
team for solicitation. During the pro-
gram, popular songs will be sung. The
singing will be led by V. C. Smith.

First Reports Tuesday
The first report session will be held
Tuesday noon. As the workers will have
little time for solicitation between to-
night's meeting and this report session,
their reports will largely be made up of
their own subscriptions it is expected.

The workers are in this en-
terprise to help the boys of Marion
and give them the opportunity for the
development of character made possible
by the program of the Y. M. C. A. and
Boy Scouts, the committee in charge
stated today.

Yesterday, in most of the churches of
Marion, reference was made of the cam-
paign and the need of giving adequate
support to the Boy Scouts and the Y.
M. C. A. to enable these organizations,
undiminished with financial problems to
carry on the work for the future citi-
zens of the city.

The campaign will continue through-
out the week and be brought to a close
next Monday night.

Service Director States He'll
Welcome Investigation of
Funds

"I have nothing to say," O. A. Bene-
dict, city director of public service,
stated this morning when questioned
regarding allegations made by the
Marion Automobile Club, that money

investigation they choose to make," the

In an answer made recently by City

expenditures had been checked by the
state auditor and also had been ap-
proved by the State Department of In-
spection. A new amendment to the law
which provides that money received
from the gasoline and automobile license
tax may be used for purchase of equip-

expenditures it was explained by the

DROP SHOWN IN BUILDING PERMITS

Last Week's Total of 13 Is Smallest on Record Here Recently

Building activities in Marion during the last week, based on the number of permits issued from the office of the city clerk, were lighter than for several preceding weeks, due, builders say, to the continued cool weather.

Thirteen permits were issued during the week, falling for the construction of buildings of an estimated value of \$1,000, included in the number were

for a new building and for a new building. In the new building, the building is being built on a lot of 100 feet by 100 feet. The building is being built on a lot of 100 feet by 100 feet.

Tomorrow Is An Important Day In the Government of this Republic

Next Tuesday the citizens of the state will elect men and women to represent this state and the congressional districts in the national conventions of the Republican and Democratic parties.

We, as citizens of Marion County believe that

HENRY B. HANE

is one of the men the Republican voters of this district should send to our party convention.

Every voter should go to the polls next Tuesday and every man and every woman entitled to vote should vote for men and women as delegates and alternates whom they feel would carefully consider the candidate to be selected to head the party ticket.

We believe that Henry B. Hane is one of the men whom the Republicans should select for delegate. Many events might occur that would make an entirely different situation in Kansas City in June, than exists today. We believe that Henry B. Hane is one of the men who in that convention from Ohio will fairly represent Ohio and after all the complimentary voting has been done, will cast his ballot for the strongest, ablest candidate the convention can select.

Mr. Hane was born in this district. He has spent his entire life in this district. He is today president of the Marion National Bank. He has had during his life extensive business interests, manufacturing interests, farming interests, and with his years of banking he knows intimately the needs of our district as few men do. We believe Henry B. Hane to be exceptionally well qualified to sit in this convention and we urge his election as one of the delegates.

Henry B. Hane is not a professional politician. He has no political ambitions. He has no axe to grind. He is not allied with any political factional fight. He is free from any political boss to tell him how to vote and such men in the Republican convention can be depended upon to cast their ballot for a candidate who as the Republican standard bearer will enlist the United support of our party.

We urge the Republican men and women of this district to place a cross before the name of Henry B. Hane next Tuesday.

This Advertisement has been written, published and paid for by citizens interested in the election of Mr. Hane as a delegate to the Republican National Convention

Armstrong's Linoleum is now finished with a lacquer surface known as Accolac. Not glassy, not shiny. Accolac gives to Armstrong Floors the soft, semi-dull luster of a hand-rubbed surface. More important, Accolac preserves the beauty of your floor . . . prevents grinding-in of dirt . . . keeps it on the surface, where it can be easily brushed up. ADDED VALUE!

One of City's Oldest Landmarks Vanishes to Make Way For New Business Structure

The landmarks they knew are fast fading from existence. The old building of the city of Marion, which was formerly the home of the Standard Oil Co., is being torn down to make room for a new structure to be erected by the Standard Oil Co. of Ohio.

How old the building was is not certain. It was built by one of the early settlers of the city, and it was a small building. It has passed the 80 years mark.

COUNTY HAS 23 IN PEN, REPORT SHOWS

Local Representation in State Prison Listed by Clerk

Marion County now has 23 prisoners in the Ohio penitentiary at Columbus, according to the monthly report of Daniel J. Boone, parole and record clerk, issued yesterday.

The report indicates that the prison population has held close to the 1,200 mark for some time and that the distribution is fairly in proportion to the relative sizes of the 88 counties.

Cuyahoga County ranks first with 968 prisoners, Hamilton second with 327, Lucas third with 321 and Franklin fourth with 291.

Delaware County, adjoining Marion County on the south, has considerably more than its percentage of prisoners from the standpoint of population. Although considerably smaller than Marion County, Delaware is represented by 21 inmates of the state institution.

Kidland County, about the same size as Marion County, also registers considerably above the average with 19 prisoners. Mansfield is the county seat.

NEW INVENTIONS AID AIR, SEA NAVIGATION

Two Improvements Worked
Out by Astronomy Professor
at Indiana U.

Indianapolis, April 22.—The astronomy department of Indiana University has announced that it has developed two new inventions which will aid in air and sea navigation. The first is a new method of determining longitude by observing the stars. The second is a new method of determining latitude by observing the sun.

Seeing The Horizon
Since the earth is a sphere, it is necessary to see the horizon in order to determine a person's position. The new method of determining longitude by observing the stars is based on the fact that the stars are visible from a greater distance than the horizon.

Measuring The Horizon
The second invention is a new method of determining latitude by observing the sun. This method is based on the fact that the sun is visible from a greater distance than the horizon.

It is almost impossible to do in a speeding airplane. With the new inventions will be possible to make with absolute accuracy in thirty seconds, Cogshall said.

REVEAL PLOT TO KIDNAP DOLORES

DOLORES DEL RIO

LOS ANGELES, April 22—A plot to kidnap Dolores Del Rio and hold the Mexican screen beauty for \$100,000 ransom was revealed here today with three suspected conspirators under arrest.

At the same time it was learned that police have been guarding the star's home in Hollywood for the last two months and that a plainclothesman accompanied Miss Del Rio on her recent trip to Nogales, Mexico, where she went to obtain a divorce. These precautions were taken because the kidnapping threat has been known to police.

Details of the kidnapping conspiracy were disclosed by Gustavo Canales, 27, in a purported confession to police.

COME ACROSS, BILL

Rogers' Little Joke To Cost Him, Horah Says

Washington, April 22—Will Rogers, the comedian, has told one joke too many and his last one will cost him \$5, according to Senator William E. Borah, Republican of Idaho.

Rogers boasted of sending \$5 to Borah's "Republican conscience fund," which the Idaho senator is raising to repay the \$100,000 "loaned" by Harry F. Sinclair to the Republican party in 1923. Rogers said he had listed five Republicans he wanted Borah to "clean" for his five dollars.

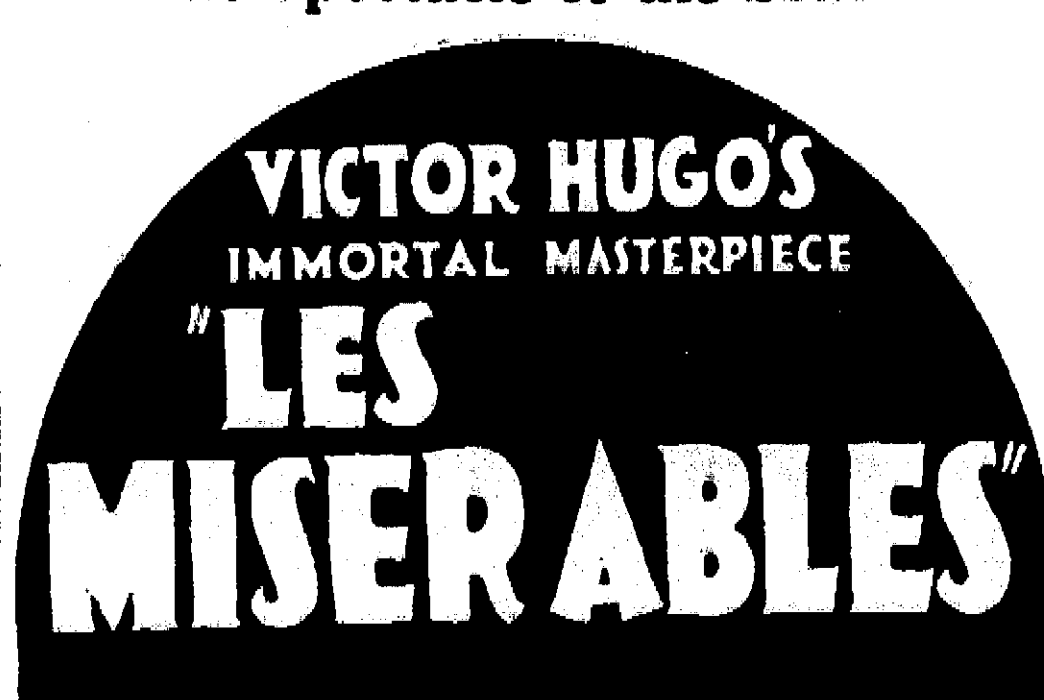

The only thing wrong with Rogers' little joke, Borah said today, was that he never sent in the five bucks.

"But," Borah added, "I'm going to write him and ask for the five." Borah also announced he would not abandon his plan for raising the \$100,000 even though Sinclair won an acquittal here Saturday.

SUNDAY SERVICE

"Parable of Sower," Is Subject of Calvary Pastor's Sermon

"There Stands a Rock" was sung as a special number by the male choros at the service last night at Calvary Evangelical Church. Rev. E. Radebaugh, pastor, presented on the "Parable of the Sower," taking as his text the words, "The Israelites rejected Christ, so He gave His gospel to the Gentiles."

"Christ is the sower and the field is the world," Reverend Radebaugh said in part, "and while He sows the seed of His Gospel Satan is sowing the tares among the wheat. As long as there is good work going on the devil is present to sow his seed and his tares in the midst of the gospel. The seed can only bring forth fruit as it falls in good soil. There is the seed that fell by the wayside and was consumed by birds, the seed that fell on the rocky places, and the seed that cannot survive unfavorable conditions; but those will not grow in poor soil and so the seed that falls in the good soil will grow if the tares are not sown."

Next Sunday night Reverend Radebaugh will preach on the parable of the tares in the wheat.

Wherever there are children there should be a piano!

YOUR children... your boys and your girls... today they are with you following your guidance... tomorrow they are out in the work-a-day world. Now while they are close beside you is the time to set before them those things that will serve them best in the years to come.

Music is your children's heritage. It is bred in their bone. Those little flashes of rhythm that bubble out of every child are the heralds of a desire to make music.

Encourage them. Give them the chance to learn to make music and by so doing not only will you add greatly to their talents, but you will enable them to get a greater share of the joys of life.

The piano is the natural musical instrument upon which your children should begin the study of music. Music teachers will tell you this. All authorities agree on it.

Wherever there are children there should be a piano.

A GOOD PIANO, like every other product of quality, is subject to the inroads of time and use. Proper tuning two to three times a year will prolong the musical life of your piano. If your piano is too old, you should consider exchanging it for a new instrument. Don't expect your child to get the most out of music on an antiquated piano.

COME ANY DAY to hear and see the pianos that we have for you and your home—and let us tell you something about the new marvelously simple Look-and-Play method of learning to play the piano.

Lee Street Nine First Team To Enter Recreation Loop

SEASON'S SCHEDULE WILL BE DRAWN UP AFTER FINAL DATE

Many Entries Expected Before May 1; Fee Must Accompany Blank

With the final date for entering recreation leagues one week away, but one team has sent in entry blanks to the Y. M. C. A., it was announced today.

Lee Street Presbyterians with a team of 27 players were the first to sign on the dotted line. This team will play in the Sunday School League.

Teams must have entry blanks filled out on or before May 1 according to rules set down by members of the recreation hall commission. Those must be handed to the league manager at the "Y" by that date.

To avoid confusion it was announced that the \$15 entry fee must come with the blanks. No team will be considered entered until this money is paid.

The starting gun for teams here—expected to number 40 before the final day rolls around—will sound on May 7 when the first four league games will be played on local lots.

New copies of the recreation rules to govern play this season are being printed and will be distributed within the near future. Final plans for the season's opening are being ironed out.

Schedules will be drawn up after May 1 at a meeting of the recreation commission at which time all teams playing will have entered.

Various teams that will contend for the titles in the five contemplated leagues have organized and are holding practice sessions in getting into shape for the opening. The annual rush for the best players in Marion is on and the race this year promises to be a close one.

Many "Champs" For Each Title

THE MORGAN is camp of the champions. The champion comes the deluge of "champs". In the feather, bantam and the flyweight class, one of any one to the three names argument and debate—champion claims.

Bar with New York, a champion with a couple of others, doing likewise, and all of them, being together in an argument, and with each naming a champion—what is the result, way?

Not Taken Seriously

Sure, Richard can't New York's number one, but he can't be taken seriously. But New York's one would be taken seriously. There inside the house, they might be, but not the

least themselves, either.

The case here, when made, will pay "champs" at its work when just making a "champs" to be a selection of two or three people out of a crowd.

Seven Champ Titles

And this is the case, and this

statement that he has matched, and will need to battle, seven champions of the title.

But that doesn't force the fans to regard them as such. And very likely they won't. If Richard after taking those "champs" champions, tries to get the masses to pay championship prices, to see them in action, the title of that statement will be done out.

Tanner and Loughran are champions. Walker, too, is a

champion, but the chance of the making the fight seems rather slim.

The writers have a champ, too. And Morgan, who is a champion, but the chance of the making the fight seems rather slim.

Ty And Tris Will Stay

Thus Says Connie Mack, Manager of Athletics and Proprietor of Well Known Restorations in Antiques, in Response to Criticisms

By DAVID J. WALSH

York, April 23—Connie Mack, one of some of our better known names in antiquities, wishes to announce today that in spite of journalistic criticism—or maybe because of Ty Cobb and Tris Speaker are to remain indefinitely in the regular of the Philadelphia Athletics, was in a gently chiding mood as to the writer last night about Ty and Tris. He seemed to feel that the general tendency toward disparagement of their ability efforts, it might have been well to take the fact into consideration that one of the few who knows of them happens to be one of the few who is not wholly unimportant in the sport, himself.

I am satisfied with them. If nobody else is, said he more in sorrow than anger, but possibly with a medium of the "Cobb and Speaker are in the line-up and they are here to stay" further notice.

Magnify Everything

There is a tendency to magnify everything Ty and Tris do. Some today say they will have an off day and nothing will come of it. But, let Ty Cobb or Speaker fail to play a ball 100 per cent, and the cries go up about them being old and crippled and de-

terious and through. I think it is about time they give these grand veterans a break. They surely have it coming to them.

The writer then asked him how long he expected the pair to stick with the Athletics on their current, day-to-day basis, and he answered the question very rapidly—by asking another. This usually is rather etiquette for requesting some one to be so kind as to mind his own damn business.

These outbursts, he intimated, had nothing to do with the team's decision to keep them. It was simply bad pitching, he said. The writer suggested that pitching sometimes was made to appear bad by the outbidding. Connie suggested that in this particular instance, I was entitled to at least one more suggestion.

Both Cobb and Speaker will be the first to admit that they are not as fast as they were. Mack went on that they are, they take this fact for granted. Why, then, can't everybody else do the same?

"All I can say is that, even if they may not be as good as they were, they still are far too good to sit on my bench. It may be that I will have to change my mind on that point at some later date but I haven't done it yet."

New York, April 25.—Industrial stocks followed an extremely irregular and confused course in early trading today. Strength of the stock market was offset by the weakness of the tobacco shares. Speculative jumps in the tobacco shares, which had been steady, were followed by a sharp decline in the afternoon. The tobacco shares, which had been steady, were followed by a sharp decline in the afternoon. The tobacco shares, which had been steady, were followed by a sharp decline in the afternoon.

Sharp declines in the tobacco stocks followed announcement of the price cuts in popular brands of cigarettes. Loomis declined about 6 points to 25 1/2, and lower prices were quoted for Morris, R. United Cigar Stores and Philip Morris.

One continued to follow more closely, under the lead of Atlantic R. Co., which fell 1 1/2 to 128 1/2. Standard Oil of New York and New Jersey, Sinclair, Day American and Marmon were the leaders of the group.

The significance of the 17-point jump in J. E. Loebe's Delaware & Hudson stock to 210 was noted by the market. It has been following the railroad consolidation situation. It means that Loebe is a big factor to be reckoned with in the eastern trunk line merger plans, and that he is in position to push his projects in the face of large opposition. Since the middle of last week the Loebe stock has moved up nearly 40 points to the highest price on record.

A 50-point jump in the position and preferred stocks of the New York & Harlem railroad, a subsidiary of the New York Central, featured the oddball section of the railroad share market. Call money was in good supply at 1 1/2 per cent, with a moderate volume of loans reported in the outside market at 1 1/2 per cent.

POLICE STIRRED

Six-Hour Hunt Made for Old Bailey Ghost

London.—The judge's court of the old Bailey, the Central Criminal Court of England, is haunted, according to the police, court ushers and other officials. Forty policemen recently spent the early hours of the morning hunting a "ghost" which is alleged to have stood in the dock of No. 1 court and then vanished.

The mysterious apparition was first seen by the night watchman, who in the course of his patrol duty, peering into the old Bailey. The policeman collected others, and in a few minutes forty of them were awaiting all over the building looking for the man.

"They searched for six hours with no result. 'Seems to me,' said one of the men, 'we're being looked for a spook.' The thirty-nine others agreed, and decided to go home.

The night watchman, however, declares that it was not a ghost at all, and he is prepared to swear an affidavit that it was a real thief and blood intruder.

DENY FILIBUSTER
But Argument Over Marines in Nicaragua Goes On

Washington, April 23.—The Senate today entered its second week of debate over the government's policy toward Nicaragua.

A Democratic-Insurgent coalition, far weaker than any that has operated in the Senate in years, is fighting for the withdrawal of all marines by next Jan. 1 at the latest. Members of the coalition sponsored a half dozen amendments to the \$303,000,000 naval appropriation bill, all intended to deny the use of government funds for future use of marines in Nicaragua. Administration leaders predicted the defeat of all the amendments and voting upon them was expected late today.

Debate over this issue has lasted so long as to assume appearances of a filibuster. Leaders of the opposition, however, denied this imputation.

Don't expect to discover a man who isn't willing to live without work.
